Patents 1 - 10 on remote user administered (rules OR policies).

[Sort by relevance](#) | [Sort by date \(new first\)](#) | [Sort by date \(old first\)](#)

Multilayer firewall system

US Pat. 5968176 - Filed May 29, 1997 - 3Com Corporation

5 The two functions of remote access equipment, line servicing and packet ...
activity is centrally administered and part is left to a user's discretion. ...

Methods, systems and computer program products for policy based network ...

US Pat. 6931446 - Filed Dec 14, 1998 - International Business Machines Corporation

30 The present invention utilizes policies or rules to control a session by ...
user intervention based on the use of the centrally administered rules. ...

Telephony security system

US Pat. 6249575 - Filed Dec 11, 1998 - SecureLogix Corporation

... the system comprising: a centrally administered database containing security
rules for the plurality of end-user stations, the rules specifying actions ...

System and method for preventing fraud upon PBX through a remote maintenance ...

US Pat. 5606604 - Filed Dec 13, 1993 - Lucent Technologies Inc.

The rule- based detection software, and particularly the rules governing ...
A fraudulent user will thus be "ejected" from the PBX, minimizing loss to the ...

Internet server authentication client

US Pat. 6662228 - Filed Feb 1, 2000 - Sun Microsystems, Inc.

Network and system administration typically requires superuser or system
administrator privileges on the remotely administered network since user and public ...

Systems, methods and computer program products for dynamic placement of web ...

US Pat. 6654814 - Filed Jan 26, 1999 - International Business Machines Corporation

... about a user's operating environment, a 8 centrally administered set of rules
... Accordingly, while several examples of rules and policies have been ...

System for real-time monitor and response

US Pat. 6606304 - Filed May 21, 1999 - On Guard Plus

In addition, an on line test can be administered to trainees to determine ...
and presents the remote user with a subset of data (generally related to their ...

Methods and apparatus for remote configuration of an appliance on a network

US Pat. 6345294 - Filed Apr 19, 1999 - Cisco Technology, Inc.

In addition, the policies give content providers incentive to be network aware.
... is that each SODA net is administered by different organizations. ...

User name authentication for gateway clients accessing a proxy cache server

US Pat. 5991810 - Filed Aug 1, 1997 - Novell, Inc.

In particular, access control can be administered directly based upon IP ...
cache server linked with a remote site comprising the steps of: establishing at ...

Health care policy on-line maintenance dissemination and compliance testing ...

US Pat. 6449598 - Filed Sep 2, 1999 - Xware Compliance, inc.

Policies are developed within institutions to guide their personnel in complying

... It can verify each user's comprehension with self-administered tests. ...

US Pat. 5965176 - Filed May 29, 1997 - 3Com Corporation

The Access Server then forwards the network traffic from the Remote Access ... activity is centrally administered and part is left to a user's discretion. ...

Methods and apparatus for remote configuration of an appliance on a network

US Pat. 6345294 - Filed Apr 19, 1999 - Cisco Technology, Inc.

In addition, the policies give content providers incentive to be network aware.

... Is that each SODA net is administered by different organizations. ...

System and method for maintaining security in a distributed computer network

US Pat. 6158010 - Filed Feb 12, 1999 - CrossLogix, Inc.

A central policy server stores and manages the policy rules in a centrally administered database. A powerful graphical user interface is used to create, ...

Methods and apparatus for remote configuration of an appliance on a network

US Pat. 6757723 - Filed Dec 19, 2001 - Cisco Technology, Inc.

In addition, the policies give content providers incentive to be network aware.

... is that each SODA net is administered by different organizations. ...

System and method of controlling and managing voice and data services in a ...

US Pat. 6856676 - Filed Oct 14, 1999 - Alcatel

A network creation, provisioning and management subsystem 60 handles all aspects

... user service), which is the standard protocol to interface to remote ...

Network management system using virtual reality techniques to display and ...

US Pat. 6289360 - Filed Sep 27, 1999 - Computer Associates Think, Inc.

They provided such functions as sending alert-or-perform-the-task signals to enforce enterprise-wide policies for such things as network performance and ...

Network management system using virtual reality techniques to display and ...

US Pat. 5958012 - Filed Jul 15, 1997 - Computer Associates International, Inc.

They provided such functions as sending alert-or-perform-the-task signals to enforce enterprise-wide policies for such things as network performance and ...

Method for storing/retrieving files of various formats in an object database ...

US Pat. 5864870 - Filed Dec 15, 1996 - Unisys Corp.

A flexible multi-user network system 10, which for purposes of this ...

which comprises software that 20 allows a user to manage multiple data files. ...

Method for abstracting messages of various protocols into objects for ...

US Pat. 5794039 - Filed Dec 18, 1996 - Unisys Corp.

The database 20 is managed by way of a Network News Transfer Protocol ("NNTP").

the ... inquiry, retrieval s allows a user to manage multiple messages. ...

Method and system for managing execution of licensed programs

US Pat. 5745879 - Filed Sep 6, 1995 - Digital Equipment Corporation

When a user wishes to use a licensed accessing a database, for printing or displaying
... are similar to group having different license policies and prices; ...
